

General Assembly

Email Design

At General Assembly we reach over a million people daily through email. Our audience ranges from leads, to students, to alumni. This channel serves as a powerful opportunity to create a positive user experience and generate valuable brand awareness. This document serves as a guide to the various types of branded email templates that exist at GA. It provides basic rules and assets to create great (and consistent) branded emails. Each template outlines modules that are adapted to a particular set of content needs (e.g., newsletters, B2B emails, lead-gen emails, etc.). The Design team can assist you in adapting these modules into other specific templates for your own team's use.

If you have any questions or requests, please contact Content Project Manager Amy Meng at amy.meng@gac or via Slack.

Components

The wireframe diagram illustrates a website layout with several key components:

- Navigation Bar:** Located at the top left, featuring the "GENERAL ASSEMBLY" logo and three links: "About Us", "Browse Courses", and "The Index".
- Header Tag:** A large header section titled "Stand Out From the Crowd".
- Hero Image:** An image showing three people working together at a desk.
- Full Width Body-Content:** A text area describing growth hacking strategies.
- In-Line Link:** A link to a "Digital Marketing course".
- Secondary Headline:** A sub-section title.
- Unordered List:** A list of items related to campus events.
- CTA Buttons:** Call-to-action buttons for "Request a Syllabus" and "Apply & Save".
- Social Icon Footer:** A row of social media icons (Facebook, Twitter, Instagram, LinkedIn, YouTube, Metro).
- Location Footer:** Information about the New York City campus, including address, phone number, and email.
- Stacked Content Section:** A section containing a header tag and a paragraph of text.
- Event List With In-Line Links:** A list of workshops and events categorized by topic (Coding, Data, Design, Marketing and Business, Product Management) with links to specific details.
- Event List With In-Line Links Section:** A detailed description of the event listing section, including styling for primary headlines, header tags, in-line links, and full-width body content.

Navigation Bar Includes:

- **General Assembly logo:** Upload .png logo at 390x42px (will display at 195x21px).
- **Links:** font-family: Arial regular; font-weight: normal; font-size: 13px; text-decoration: underline; color: #000000;
- **Gray Background:** background-color: #F6F6F6;

Header Tag: font-family: Arial; font-weight: bold; font-size: 14.5px; text-transform: all-caps; letter-spacing: 1px; color: #767676;

Primary Headline: Text: - font-family: Arial; font-weight: bold; font-size: 30px; line-height: 125%; color: #000000;

File format: jpg, .png, or .gif
Image size: 1120x700px (will display at 560x350px)

Full Width Body-Content: font-family: Arial; font-weight: normal; font-size: 16px; line-height: 25.6px; color: #000000;
Note: Include full-line height spacing between each paragraph.

In-line link: font-family: Arial; font-weight: normal; font-size: 16px; line-height: 25.6px; text-decoration: underline; color: #0D8390;

Secondary Headline: font-family: Arial; font-weight: bold; font-size: 20px; line-height: 25.6px; color: #000000;

Unordered List: font-family: Arial; font-weight: normal; font-size: 16px; letter-spacing: 25.6px; color: #000000;
Note: Use small black circle bullets and indent list.

CTA Button:

- **Text:** font-family: Arial; font-weight: bold; font-size: 16px; color: #DE3535; text-align: center;
- **Border:** solid 2px; color: hex #DE3535, no fill; padding-left: 25px; padding-right: 25px; padding-top: 12.5px; padding-bottom: 12.5px;

Note: For two-button CTAs, each button's width is half the width of the Full-Width Body Content section.
Note: Use solid arrow.

Social Icon Footer:

- Use color icons in [this folder](#). Size varies for each icon, but it should be no larger than 24x24px. Center each icon horizontally.
- Note:** Social icons should link to the [specific metro of email send](#) whenever possible. If not possible, icons should link to HQ social media accounts.

Location Footer:

- **"YOUR NEAREST CAMPUS":** Use Header Tag style (font-family: Arial; font-weight: bold; font-size: 14.5px; text-transform: all-caps; letter-spacing: 1px; color: #767676);
- **Address and contact info:** Use Full-Width Body Content style (font-family: Arial; font-weight: normal; font-size: 16px; line-height: 25.6px; color: #000000; text-align: center);

Note: Address, phone number, and email should be on separate lines.

Stacked Content Section:

- **Header Tag:** font-family: Arial; font-weight: bold; font-size: 14.5px; text-transform: all-caps; letter-spacing: 1px; color: #767676;
- **Primary headline:** font-family: Arial; font-weight: bold; font-size: 30px; line-height: 125%; color: #000000;
- **Full-width body content:** font-family: Arial; font-weight: normal; font-size: 16px; line-height: 25.6px; color: #000000;
- **CTA Button:** font-family: Arial; font-weight: bold; font-size: 16px; color: #DE3535; text-align: center; border: solid 2px; color hex #DE3535 no fill; padding-left: 25px; padding-right: 25px; padding-top: 12px; padding-bottom: 12px;

Note: For example, when using two CTA buttons, make each button's width half the width of the Full-width body content section and use solid arrow.

Event List With In-Line Links Section:

- **Primary Headline:** font-family: Arial; font-weight: bold; font-size: 30px; line-height: 125%; color: #000000;
- **Header Tag:** font-family: Arial; font-weight: bold; font-size: 14.5px; text-transform: all-caps; letter-spacing: 1px; color: #767676;
- **In-line link:** font-family: Arial; font-weight: normal; font-size: 16px; line-height: 25.6px; text-decoration: underline; color: #0D8390;
- **Full Width Body-Content:** font-family: Arial; font-weight: normal; font-size: 16px; line-height: 25.6px; color: #000000;

Note: Include line-height at 100% between each paragraph.

DIGITAL MARKETING COURSE

Stand Out From the Crowd

Picture this. You've set your company up on Facebook. You've invited all your friends to like the page. You post regularly, everything from company updates to relevant industry articles. But you still haven't seen much interaction, and you're not getting any more brand exposure or new sales.

What do you do? Growth hacking. Use this blend of creativity, analytics, and social data to consistently sell products and forge strong connections with audiences online. Put it to work. Master brand-building tools like growth hacking, SEO, user-generated content, and more in our part-time [Digital Marketing course](#).

How to get Inspired Before you Commit:

- Visit us on campus for an [upcoming info session](#) or digital marketing event to find out more and meet our team.
- Discover 11 marketing skills you need to land your dream job.

Tech and... Culture

About this Event

Does culture dictate advancements in tech, or does tech influence culture? Hear from local movers and shakers about how tech is seeping into our local art, music, fashion, and entertainment, shaping the culture of Atlanta.

What You'll Take Away

Gain insight and inspiration from industry experts, and hear first-hand how tech is affecting their work. Expand your understanding of today's tech-based world, and fuel your own ideas for the future.

Why It Matters

The omnipresence of technology has rapidly transformed our lives over the last decade (remember, the iPhone was only released in 2007). Now, it's rare to go a day without interacting with tech — whether it's an alarm app that wakes you up, your Nest Thermostat-regulated apartment, or the software you use at work. Staying ahead of the innovation curve has never been more important — both at work and at play.

Learn to Network with Executives

Cultivating meaningful relationships is a key to success. In fact, it can lead to the biggest opportunities of your life. As you grow and flourish in your career, though, your networking tactics need to evolve to place you in front of the right senior executives at innovative, cutting-edge companies.

Ace the executive networking game with [expert tips](#) from Ali Levitan, head of General Assembly's Media, Tech, and Telecom team. In GA's new online magazine [The Index](#), Levitan shares insight about:

- staying engaged with your contacts;
- getting facetime with top executives;
- crafting your elevator pitch;
- promoting yourself and your brand;
- leveraging your experience to pay it forward; and more.

"Remember that you are your own best publicist and it's OK to be forward, ambitious, and scrappy to open the right doors."

Social Impact Newsletter

As new leaders head to Washington this January, we want to do our part to ensure that the expansion of computer science education continues. And we're asking for your help. For every supporter who signs this pledge, we're donating \$1 to Black Girls Code, a nonprofit organization whose mission is to provide young and preteen girls of color access to STEM education. If you want to know where we stand, our Vice President of Legal and External Affairs, Liz Simon, wrote a piece in TechCrunch with five considerations about accelerated learning for the next administration.

GA Student Outcomes Report

We believe that transparency in reporting student outcomes is the best way to empower students whose goals, life circumstances, and career paths differ widely. As a result, we released our Inaugural Student Outcomes Report with data verified KPMG LLP. While this report represents the culmination of a 12-month commitment from our team, it is just the first step in a process that we hope can inform a paradigm shift in how we think about measuring and reporting outcomes across the education-to-employment landscape.
